

Become Energy-efficient at Minimal Cost

DIRECT INSTALL

This program is designed for existing small to mid-sized facilities with an average peak electric demand that did not exceed 200 kW in any of the preceding 12 months. SAVEGREEN provides incentives to remove the cost of constraints for participating in the Direct Install from NJNG Program. This affordable turnkey solution starts with a free energy assessment of your building and is designed to reduce costs by replacing lighting, HVAC systems and other outdated operational equipment including refrigeration, with energy-efficient alternatives.

Highlights include:

- Tier I: Municipal owned facilities, Public Schools, facilities in UEZ or Opportunity Zones with under 200 kW average annual demand and Small businesses with under 100 kW average annual electric demand. Incentives can reach up to 80% for the most comprehensive projects.
- Tier II: Small & Medium size facilities with average annual electric demand of 200 kW or less. Incentives can reach up to 70% for the most comprehensive projects.
- With SAVEGREEN's OBRP, you can finance the balance at 0% APR for five years.*
- NJNG can help you choose a contractor for you or you can choose your own contractor if they are an approved participating program contractor

PRESCRIPTIVE & CUSTOM PROGRAM

Whether renovating an existing space or upgrading equipment, this program provides an opportunity to upgrade the energy efficiency of your project. NJNG provides individual energy efficiency rebates to help you achieve substantial energy savings, both now and for many years to come.

Highlights include:

- Receive NJNG rebates for eligible commercial energy-efficient equipment*
- With SAVEGREEN's OBRP, you can finance the balance up to \$150,000 at 0% APR for 5 years. Approved Custom projects are eligible for up to \$250,00 at 0% for 5 years*
- For Custom projects, an energy savings analysis comparing existing or baseline conditions to proposed conditions based on standard engineering methodology is required.
- Choose your own contractor

with questions and to get your project started.

*NJNG makes no warranties or representations, express or implied, as to the fitness for a particular purpose or merchantability of the energy analysis services, or the completeness or amount of energy savings resulting from an audit/analysis through SAVEGREEN. Estimates of energy savings are generalized, and no particular amount of energy savings is promised or guaranteed. Smart thermostats are not compatible with all heating systems. Qualified NJNG customers may be eligible 0% APR on the OBRP. Terms and conditions apply. All offers are subject to available funding.

NJNG reserves the right, with approval from the State of New Jersey Board of Public Utilities, to terminate, modify, suspend or extend this rebate program. NJNG provides financing for these programs.
